

*"To inspire in all children a life-long passion for soccer".
"Inspirar una pasión de fútbol en todos los niños."*

Volunteer for GoldstarSC and Build Your College Portfolio

The earlier a teen thinks about their college portfolio, the better. Goldstar SC has various volunteer and service-learning projects for all interested teens such as:

- Directors Assistant.
- Assistant or Jr. Recreational Soccer Coach.
- Volunteering for our free soccer clinics or other sporting events.
- Administrative tasks (in office or from home).
- Environmental needs (i.e. field clean-up, gardening, habitat restoration and tree planting).
- Collecting new and gently used soccer equipment to be within our club and youth organizations across the nation.

Specialized Service-Project.

Goldstar strongly encourages teens to utilize their personal life experiences and create a "Specialized Service-Project". Teens will have the opportunity to be a Group Leader and embark on a community service they think will help make soccer better for our soccer members and overall community. This is an excellent way for teens to demonstrate their leadership skills and aspirations.

GoldstarSC will give each teen a "Thank you" letter for each volunteered service and or contribution, as well as fill out any required paperwork from his or her respected school. Teens will be able to use this later for their college portfolios.

All teens are welcome to participate, regardless if they play soccer. Our club is filled with many talented athletes as well as great families and people.

To find out more information or to donate your time in helping guide our youth, please contact me at Grace@GoldstarSC.org or 414-5373.

Sincerely,

Grace
